Directed Electives				
Directed electives require students to choose at least three credits from each category of communications, critical thinking, and technology. Students are encouraged to take courses in sequence in the same discipline. A total of 15 credits is required. See Course Selection Guide below.				
Concentration Courses				
Students must earn at least 21 credits in an area of concentration. Courses must have a clear unifying focus in an individualized plan of study designed in collaboration with and approved by the Coordinator. Between 6 to 18 of the required 21 credits must be earned through portfolio assessment as block credits in Applied Studies. These Applied Studies credits will awarded upon acceptance into the curriculum. Concentration courses may not be taken until block credit is awarded through portfolio assessment. One of the courses chosen for this curriculum must fulfill the College's American Diversity Requirement.				

Total to Graduate: 60 credits minimum
