History Elective <sup>4</sup>	3			
Laboratory Science	4			
Humanities Elective <sup>4</sup>	3			
General Elective <sup>5</sup>	6/8			

Total to Graduate: 61 credits minimum

<sup>1</sup>Course transferability is subject to American Assembly of Collegiate Schools of Business (AACSB) REQUIREMENTS. See a transfer counselor or Economics and Accounting Department Head.

<sup>2</sup>**SELECTION DEPENDS UPON REQUIREMENTS OF RECEIVING INSTITUTION.**

<sup>3</sup>Students should take the appropriate math courses depending on placement testing and requirements of the institutions to which they are transferring. If placement scores indicate a need for math courses below those required for the degree, students may find that they will have to take courses that will not transfer and may have to take more credits than the minimum required for graduation.

<sup>4</sup>Students also need to be aware that specific courses may have to be taken in order to meet American Diversity requirements at Community College of Philadelphia, i.e. students need to select one of these courses from the College's American Diversity list.

<sup>5</sup>Students who select two, three credit mathematics courses will need an additional general elective to fulfill total Program credits requirement.
