Or ENGL 205 Creative Writing	3	ENGL 101		
Or ENGL 271 Language of Film	3	ENGL 101		

Total to Graduate: 61 credits minimum

¹For appropriate transfer credit, these math courses should be taken in consultation with an advisor.

²Students planning to transfer to a school requiring a foreign language will be advised to take two terms of intermediate foreign language as their humanities elective. For appropriate transfer credit, these courses should be taken in consultation with an advisor.

³Some transfer institutions require two lab sciences. In choosing science courses, students should consider the requirements of transfer institutions, and consult an advisor.

⁴One of the directed electives must be a second social science course. If a student has not already satisfied the College's American Diversity requirement by taking SOC 101 or another course, then one of these directed electives must meet that requirement.
