Directed Science Elective ²	3/4			
General Electives ⁷	9			
Aesthetic Understanding /Oral/Creative Expression ³	3			
Concentration Electives ⁸	9			

Total to Graduate: 61 credits minimum

*Note: The order in which core courses are taken may depend on completion of prerequisites. If core course selections do not include a course with an international content emphasis in both humanities (HIST 180, ENG 260) and social science (HIST 180, ANTH 202), this curricular requirement must be met in selection of other electives. A list of eligible courses appears on page 96.

¹Math 150, Introductory Data Analysis, is recommended. See page 96.

²See page 32.

³See page 96.

⁴At least one course with a lab component is required. Biology 109-110, Human Anatomy and Physiology, or Biology 106 and 107, General Biology are recommended.

⁵See page 96.

⁶Recommended: PSYC 215, 211, 231; Sociology 212, 231, 233; Anthropology 202.

⁷See page 96.

⁸To be approved by the curriculum advisor. Must provide a unifying focus, must include at least one humanities or social science course, and must address gender issues. Some courses to consider in designing concentrations are Anthropology 112, English 116, English 125, History 160 or 170, BHHS 151, Psychology 202 or 215, and any sociology course which relates to your own interests.
