General Information: . If a CCP student earns an A.A. degree in education, he/she will be granted third year status in Cheyney's School of Education. The guide below outlines how the AA in Education—Elementary Option transfers to Cheyney. It is important to note that the state of Pennsylvania, through Chapter 354, has increased gpa requirements for student admission and persistence in teacher certification programs. To be admitted to the professional sequence in teacher education, students must earn a 3.0 cumulative GPA. Students may be admitted to Cheyney with less than the mandated gpa, but they must earn the appropriate gpa at Cheyney. Students must also take the PRAXIS Test I: Pre-professional Skills Tests. in order to be admitted to the professional sequence. CCP education advisors should be consulted about the gpa requirements and the PRAXIS Test.
