² Required only for Mechanical, Civil, and Architectural Engineering majors. Chemical Engineering majors should substitute CHEM 221 and 222 (Organic Chem). Materials Engineering majors should only substitute CHEM 221.

³ Required only by Mechanical Engineering majors.

⁴ Due to a change in the Biomedical Engineering freshman biology course CCP students looking to transfer to Drexel's Biomedical Engineering program should take BIOL 123 (Cellular and Molecular Biology) at CCP not BIOL 106.

⁵ CSCI 111 required of Electrical and Computer Engineering majors only. However, CCP recommends students interested in Drexel take both CSCI 111 and ENGR 205.
