THOMAS JEFFERSON UNIVERSITY	COMMUNITY COLLEGE OF PHILADELPHIA
<p>Part-time day programs available. No part-time evenings. Contact Thomas Jefferson University for more information on these specific programs. <b>Science courses completed 10 or more years prior to enrollment will not be accepted for transfer credit without additional validation.</b> 59 credits in Arts &amp; Sciences, as listed below, are required for junior standing. Freshman and sophomore courses do not exist at Jefferson. A 3.0 GPA recommended; GPA of 3.0 needed in the sciences. CCP has signed an affiliate agreement with TJU. The affiliate agreement states that if a student completes all prerequisite courses with at least a 2.7 cumulative GPA, and submits two letters of recommendation (one from a personal, professional or academic source and one from Dr. Mary Anne Celenza, Dean for Math, Science and Health Careers at CCP, 215-751-8430, Rm. W2-7) the student is admitted to TJU provided that there is space in the program. Before the dean makes a final recommendation, a student must be in the final stages of completing the program prerequisites and must arrange an interview with Dr. Celenza. At the interview, a student should provide to Dr. Celenza a brief biographical summary or resume. Even though the minimum GPA required is 2.7, TJU recommends at least a 3.0, and the dean must agree that the student is qualified for admission to TJU. Students with disciplinary or criminal records are excluded from a guarantee of admission. Students are recommended to apply to Jefferson early in the Spring term that precedes the desired Fall admission term. Students who hold a bachelor’s degree in an area other than nursing should consult the TJU Advising Manual for Accelerated Pathway to MSN or FACT program.</p>	
CHEMISTRY – 8 CREDITS	CHEM 101 AND 102 OR 121 AND 122 PREFERRED, 110-118 ARE OK
