General Information: CCP and La Salle have entered into a dual admissions agreement. The agreement stipulates that students who earn an approved associate degree program at CCP (AAS in Finance) with a minimum 2.5 cumulative GPA are admitted to La Salle with junior standing. A grade of “C” or better must be earned in courses transferred into the major. Grades of “D” in non-major courses are transferable. Students can transfer a maximum of 70 credits. To take advantage of the dual admissions agreement, a student must sign a dual admissions agreement form before the completion of 45 credits. The dual admissions form serves as the application to La Salle. No application fee is required. Scholarships are awarded to any dual admissions student with a cumulative GPA of at least 3.0 (range from \$5,000 to \$10,000 per year). The dual admissions program is open to part-time and full-time students, but the scholarship is for full-time students only. Dual admissions forms are available in the division of Educational Support Services, Room W1-1. More detailed information about dual admissions is available in W1-1 or in the Career and Transfer Center, Room W2-3.

With the earned associate degree, the dual admissions student satisfies La Salle’s core (general education) requirement except for additional core qualifiers stipulated by the university or by the student’s major. **If students are not in the dual admissions program and do not earn an associate, they are responsible for the entire La Salle core requirement.**

Note: This guide is based on CCP degree requirements for students who entered the Finance curriculum through summer 2009. Students who enter the curriculum fall 2009 or after should consult finance curriculum advisors about curriculum changes.
