

ARCHITECTURE CURRICULUM TRANSFER AGREEMENT GUIDELINE

	SCHOOL: TEMPLE UNIVERSITY MAJOR: ARCHITECTURE
Community College Curriculum: A.A. Architecture & Interior Design (Architecture Option) Coordinator: Paula Behrens Phone: (215) 751-8826 E-mail: pbehrens@ccp.cc.pa.us Office: W4-5	Temple University Contact Person: Kelly McCabe Phone: (215) 204-6389 Email: kelly.mccabe@temple.edu Web Address: www.temple.edu/architecture

General Information: The following outlines an agreement between CCP's Architecture and Interior Design (Architecture Option) curriculum and the Bachelor of Science in Architecture program at Temple. For the agreement to take effect, a student must complete the A.A. degree with an architecture option with at least a GPA of 2.5. The student must also present a portfolio of all work completed in design studios to a Temple review committee. The student should work closely with Paula Behrens, CCP Design Technologies Department Head (751-8826, Rm. W4-5), to prepare for admission to Temple.

Students enrolled in the Architecture and Interior Design curriculum are eligible for the dual admissions agreement. The dual admissions agreement stipulates that students must satisfy all requirements for the associate degree. Students who first enroll at CCP in Fall 1996 or after are also eligible for the **core-to-core agreement**. The core-to-core stipulates that a student who earns the A.A. satisfies all Temple University core requirements except in cases in which the student's major requires certain courses. Temple's architecture program stipulates specific university core requirements for quantitative reasoning, science and technology and arts. CCP curriculum courses address these requirements. The core-to-core student must complete two writing intensive courses after transfer to Temple. A student with an earned A.A. is accepted as a core-to-core student at the time Temple receives the student's final transcript. **Students who do not earn an A.A. and student who enrolled at CCP before Fall 1996 are responsible for the University core requirement.** Consult a CCP counselor about the university core requirement.

COMMUNITY COLLEGE OF PHILADELPHIA - Architecture Curriculum	TEMPLE REQUIREMENTS
ARCH 101 Intro to Design Professions	ARCH C001 Intro to Design and Environment
ARCH 109 Fundamentals of Design & Delineation	ARCH 0031 Design Fundamentals I
CADT 101	ARCH COMM elective
ART 105 Drawing I	ARCH 0011 Design Foundation I
ARCH 111 Digital Design and Delineation	ARCH 0012 Design Foundation II
ARCH 102 Materials of Construction	ARCH 152 Architectural Materials and Methods of Instruction
ARCH 210 Architectural Presentation	ARCH 0032 Design Fundamentals II
ARCH 245 Design of Space I	ARCH 131 Architectural Design I if portfolio placement exceptional. Otherwise ARCH elective
CSTR 251 Environmental Systems I	ARCH 0151 Architecture, Technology and Environment
ARCH 211 Portfolio Development	ARCH elective
ARCH 246 Design of Space II	ARCH 132 Architectural Design II if portfolio placement exceptional. Otherwise ARCH elective
CSTR 252 Environmental Systems II	ARCH 351 Environmental Systems
ENGL 101 Composition I	ENGL C050 Composition
ENGL 102 Composition II	ENGL W103 Writing the Research Essay
PHYS 111 General Physics I	PHYS C085 General Physics I
MATH 162 Precalculus II	MATH C074 Precalculus
ARCH 221 History of Architecture and Interiors I	ARCH C141 Architectural History: Ancient through Renaissance
ARCH 222 History of Architecture and Interiors II	ARCH C142 Architectural History: Renaissance through Present
Humanities Elective*—Complete one course from art history, English, foreign language, history (can be used as a humanities or social science, but not both), humanities, music history or philosophy	Core-to-core agreement
Social Science Electives*--Complete two courses from anthropology, earth science, economics, education, geography, history (can be used as a social science or humanities, but not both), political science, psychology, sociology, social science, women's studies	Core-to-core agreement
*One course from the humanities and social science electives must fulfill the College's American Diversity requirement.	
Developed on: 12/98	Revised on:

Three courses required at Temple which are not part of the CCP curriculum: PHYS 112, MATH 171 and 172. After consultation with Ms. Behrens, students may want to complete these courses at CCP.
