A Message from the Director of Safety and Security

Dear Community;

On behalf of the dedicated men and women of the Community College of Philadelphia's Department of Safety and Security, I thank you for taking the time to read the Annual Security Report published on October 1, 2016.

I encourage you to read this report in its entirety. In this report, Community College of Philadelphia may be abbreviated as "CCP" or "the College" and the Philadelphia Police Department as "PPD". This Annual Security and Fire Safety Report has been produced in accord with the requirements of the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and provides information you can use to help keep yourself and your property safe.

All campus crime statistics required under the Clery Act are provided, including the number of persons referred for campus disciplinary action. Information about campus crime prevention and safety awareness programs is also provided.

Maintaining a safe and secure campus is a **community** effort. I encourage you to become familiar with this guide. Read it and learn how you can be more aware of your surroundings, prevent crime and report suspicious incidents to police. When on campus, please help us maintain a safe environment for the entire campus community: report criminal activity immediately, exercise crime prevention techniques, and remain vigilant with your personal safety and please use our Security Escort Program.

It is my hope that you will find this report informative and useful and that your time at the College will be enjoyable and safe.

Sincerely,

Randy Merced
Director of Safety and Security

Preparation of this Annual Security Report

The Department of Safety and Security prepares this report in compliance with the applicable federal law including the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act). This report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Community College of Philadelphia; and on public property within, or immediately adjacent to and accessible from, the campus. For more information see the *Annual Disclosure of Crime Statistics* section of this Annual Security Report. This report also includes institutional policies related to campus security, such as policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. The full text of this report is available online at:

<http://www.ccp.edu/vpfin-pl/CRIMESTATISTICS.pdf>

This report is prepared in cooperation with the Philadelphia Police Department, the College's Student Affairs, Athletics and Student Activities Offices. Each of these departments provide updated information on their educational efforts and programs to comply with the Clery Act. Campus crime, arrest and referral statistics include those reported to the Department of Safety and Security, Campus Security Authorities, and local law enforcement agencies. Campus crime information is disseminated using several communications channels including the College web site, campus email, and hard copy distribution. The College distributes a notice of the availability of this Annual Security Report by October 1 every year to every member of the College community. You may get copies of this report at the Department of Safety and Security located in the Mint Building (MG-12) or by calling the Department of Safety and Security at (215) 751-8111. All prospective employees may obtain a copy from the Office of Human Resources at the College Annex located in the 1500 Spring Garden Building or by calling 215-751-8035. Prospective students may obtain a copy from the Welcome Center in the Pavilion Building or by calling 215-751-8010.

Overview of Community of College of Philadelphia Security

Security of Campus and Campus Facilities

The Department of Safety and Security operates on a 24 hours a day, seven days a week schedule. The Director of Safety and Security, Managers of Safety and Security, Coordinator of Security Operations, Shift Supervisors, Site Supervisors and Specialists oversee the day-to-day operations. The Main Campus and the Regional Centers are staffed with security shift supervisors, plus stationary and roving patrol security officers. Security officers patrol the interior and exterior of the sites. The roving patrols include the parking lots and other parking areas located on campus.

In addition to roving patrols, the College utilizes surveillance cameras located throughout our sites. The surveillance cameras are monitored by security supervisors 24 hours a day. As an added security measure, seven emergency phones (Blue Lights) are located at strategic points in the CBI parking garage. When the emergency button is pushed, the caller is in immediate contact with Department of Safety and Security. In addition to providing voice contact with the Department of Safety and Security, Blue Light phones also enable a dispatcher to pinpoint the caller's location. Additionally, red phones, which are located in the hallways of buildings at the Main Campus and the Regional Centers, can be used by anyone to report an emergency (Dial **5555** for direct access to the Main Campus Department of Safety and Security). An escort service provided by Security Officers is also available.

Additional resources and technology added to enhance the Department of Safety and Security include alert emergency notification boxes (Alertus) strategically deployed throughout the campuses, Voice over IP telephone address systems, Computer terminal pop up emergency messages (Lynx Duress alarm), and Social media monitoring services (through the Division of Marketing and Government Relations).

Security Considerations Used in the Maintenance of Campus Facilities

Security at the College is the responsibility of the Office of the Vice President of Business and Finance. The Director of Safety and Security directly oversees all staff and is responsible for ensuring that all policies and procedures are followed. Since the College is situated in an urban environment, a primary consideration in any new construction or renovation planning is the use of higher intensity lighting levels combined with low-lying

shrubbery and a minimum of trees to afford safe walkways. The Department of Safety and Security advises the Facilities Management Department via a work order system when lighting levels are inadequate. Safety hazards are noted for action and eliminated or corrected via Security. Electronic condition reports are submitted to the appropriate managers.

Access to Facilities

Most campus buildings and facilities are accessible to members of the campus community, guests, and visitors during normal hours of business, Monday through Friday, and for limited designated hours on Saturday, Sunday, and holidays. Facilities are maintained, and their security monitored, in the interest of students, staff, and faculty. Many cultural and athletic events held in College facilities, such as the Athletic Center and the Auditorium are open to the public. Other facilities such as the bookstore, library, and cafe are also open to the public. Access to academic and administrative facilities on campus is limited to students, employees, and visitors for the purpose of study, work, teaching, and to conduct other College business. After hour access may be obtained by using the intercom located by the entry door on Sixteenth Street by the Visitor's lot. Advanced notice of the need for after hour access is appreciated when possible. The College currently does not have any student housing facilities.

ID cards and access control

Everyone entering any the College building MUST swipe a College ID card. The College community includes all visitors, vendors, guests, students, faculty, and staff, at all Main Campus buildings and all Regional Centers. Anyone without an ID card must follow the posted "Visitor Sign- In" procedure.

During peak times, lines may develop. We ask for your patience during this time. This procedure fortifies our safety and security measures and offers additional peace of mind.

If you invite a guest to campus, you must now meet that individual at a security desk or provide their name to the security desk in advance. Bring your ID with you to present to security officers.

When a department or club hosts an external event, it should sign in visitors and help

manage access to the event.

Any student or employee who does not have an ID card must have one made. Students may go to Security at:

- Main Campus: MG-12, Monday-Friday, 7:00 a.m.-10:00 p.m.; Saturday 8:00 a.m.-5:00 p.m.
- Each Regional Center: Main Security Station, Monday-Friday, 7:00 a.m.-3:00 p.m.

ID cards are required to enter certain offices and services such as the Library, Learning Labs, Student Academic Computing Centers, Athletics Center, and Career Services.

Campus Law Enforcement

Authority and Jurisdiction

The College's Security Officers receive in-service training in such areas as proper handling of incidents, investigation, and reporting of incidents, fire safety procedures, first aid, CPR and customer relations. Security Officers are not authorized to carry or discharge weapons on campus and do not receive training for certification under the Pennsylvania Act 120. Should incidents arise which are beyond the capability of College's Security Officers, Philadelphia's Police Department will respond and assist in the proper handling of an incident. In addition, when circumstances warrant their use, the College will employ closed circuit TV, bulletin boards, voice mail and printed flyers to provide timely notice of criminal activity on and around the campus. [For additional information see the "Timely Warning" Section of this Annual Security Report.]

State and Local Law Enforcement Agencies

Although there is no written memorandum of understanding between the College and the state or local law enforcement agencies, the Department of Safety and Security recognizes that accurate reporting is essential in determining time frames and locations of occurrences on campus which, in turn, affects the assignments of officers' patrol areas. The College's Security Officers follow and enforce the policies and procedures set by the College, as well as appropriate local, state and federal laws. All serious incidents commonly referred to as Part I crimes, including murder, rape, robbery, assault, burglary, auto theft, and arson are reported to the Philadelphia Police Department. Additionally, the Philadelphia Police Department supplies the College's Department of Safety and Security with a report of incidents that have been reported to them for the neighborhood surrounding each site.

Philadelphia Police Department Partnership

The College relies on its close working relationships with the Philadelphia Police Department to receive information about incidents involving College students and recognized student organizations off campus. If a student is charged with an off-campus violation of federal, state, or

local laws, the College reserves the right to take disciplinary action and impose sanctions against the student. Proceedings under the Student Code of Conduct may be carried out before, simultaneously with, or following civil or criminal proceedings off-campus.

General Procedures for Reporting a Crime or an Emergency

Community members, students, faculty, staff, and guests are encouraged to report all crimes, emergencies, and public safety related incidents to the College's Department of Safety and Security and/or local law enforcement in an accurate and prompt manner when the victim of crime elects to, or is unable to, make such a report. Such accurate and prompt reporting will assist the Department of Safety and Security in determining if follow-up actions are required, including issuing a Timely Warning or emergency notification.

Reporting to the Department of Safety and Security

To report a crime, emergency, or public safety related incident to the Department of Safety and Security dial 5555 from an on-campus phone or (215) 751-8111 from an outside phone. The College's Security Officers respond to all requests for service. The Philadelphia Police Department, upon notification to respond, is the investigating authority for all crimes on campus.

When calling for either emergency or non-emergency service, be prepared to:

- Clearly, identify yourself;
- State where you are calling from; and
- State briefly the nature of your call.

If possible, stay on the line unless otherwise advised by the officer. If assistance is required from off campus, the officer will summon the appropriate police, fire and/or medical service.

Reporting to the Local Law Enforcement

To report a crime that occurs at an off-campus location, contact the appropriate local police department by calling 911. In the case of an emergency that occurs off the campus property, it is always best to dial 911 and follow the procedures outlined above.

Reporting to Other Campus Security Authorities (CSA)

While the College encourages all campus community members to promptly report all crimes and other emergencies directly to the Department of Safety and Security, the College recognizes that some may prefer to report to other individuals or College offices. The Clery Act recognizes certain College officials and offices as “Campus Security Authorities” (CSA). While the College has many CSAs, the College officially designates the following offices as places where campus community members should report crimes:

Office	Location	Number
Department of Safety and Security	Mint Building, MG-12	Campus Phone: 5555 Other: 215-751-8111
Office of the Dean of Students	Winnet Student Life Bldg., S1-10	215.751.8161
Office of Student Affairs	Mint Building, M2-37	215.751.8160
Office of Diversity and Equity	Mint Building, M2-3	215.751-8876
Department of Human Resources	Annex, A7-142	215.751.8035

Voluntary Confidential Reporting

Anyone who is the victim of or witness to a crime on campus is encouraged to promptly report the incident to the Department of Safety and Security. Anyone can make an anonymous report of safety violations or other misconduct as provided in the College’s Whistleblower Policy, Memorandum No. 314 via telephone at 1-888-261-1669 or at www.ethicspoint.com.

<http://path.ccp.edu/vpfin-pl/policies/314.html>

Pastoral and Professional Mental Health Counselors

Under the Clery Act, Pastoral or Professional Counselors (as defined below) are not considered Campus Security Authorities when they are acting in that counseling role.

- Pastoral counselor: A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.
- Professional counselor: A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of the counselor's license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

Although the College has counselors in the Women's Outreach and Advocacy Center, reports made to those counselors will be provided to the Department of Safety and Security for potential inclusion in the College's annual Clery Act statistics.

Timely Warnings

The College may alert the campus community to certain crimes in a manner that is timely and will aid in the prevention of similar crimes. Such timely warnings may be issued as Public Safety Advisories, and/or Campus Alerts/ Crime Alerts.

The College's Department of Safety and Security is responsible for issuing timely warnings (known at the College as **Public Safety Advisories**) in compliance with the Clery Act. In the event a situation arises, these **Public Safety Advisories** are issued to keep the campus community informed about safety and security matters. The decision to issue a **Public Safety Advisory** is decided by the Director of Safety and Security or his designee and is made on a case-by-case basis in light of all the facts surrounding an incident, including factors such as the nature

of the crime, the continuing threat to the campus community, and the possible risk of compromising law enforcement efforts. **Public Safety Advisories** are issued for specific crime classifications (murder, non-negligent manslaughter, manslaughter by negligence, sexual assault, robbery, aggravated assault, burglary, motor vehicle theft, and arson) that are considered by the institution to represent a serious or continuing threat to students and employees. Public Safety Advisories may also be posted for other crime classifications as deemed necessary. Public Safety Advisories are issued via a campus-wide email announcement which is sent to students, faculty, and staff to his or her official email on file with the College.

The Department of Safety and Security also issues/posts **Crime Alerts** in the event of incidents of:

- Murder
- Aggravated assaults (cases involving assaults among known parties, such as two classmates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger College community)
- Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case-by-case basis)
- Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when the incident occurred versus when it was reported and the amount of information known by the Department of Safety and Security)
- Major incidents of arson
- Other crimes as determined necessary by the Director of Safety and Security.

Crime alerts are issued *via* a campus-wide email announcement which is sent to students, faculty, and staff. An electronic message will also be posted on the login page of “myCCP” (my.ccp.edu), the College’s portal. Crime alerts may also be posted in campus buildings when deemed necessary. When a Crime Alert is posted in campus buildings, they are printed on orange paper and posted in the lobby/entrance area of the affected building(s) for seven (7) days. A list of buildings where

the alerts may be posted is maintained by the Director of Safety and Security. Crime Alerts and Public Safety Advisories are filed in the case file with the corresponding incident report.

The Department of Safety and Security does not issue crime alerts for the above-listed crimes if:

1. The Department or police apprehends the subject(s) and the threat on imminent danger for the College community has been mitigated by the apprehension.
2. A report was not filed with the Department of Safety and Security or if the department was not notified by campus officials in a manner that would allow the department to post a “timely” warning to the community. This type of situation will be evaluated on a case by case basis.

Daily Crime Log

The Department of Safety and Security also maintains a daily crime log which is normally updated each business day and contains all crimes/incidents reported to the Department of Safety and Security. This log identifies the type, location, date and time reported, date and time occurred, and current disposition of each incident reported to The Department of Safety and Security. The Daily Crime Log for the most current sixty days is available for viewing during regular business hours at the Office for the Department of Safety and Security located in the Mint Building in MG-12. Any portion of the Daily Crime Log that is older than 60 days will be made available within two business days of a request for public inspection.

Emergency Response and Evacuation Procedure

Department of Safety and Security Officers are trained as campus first responders and are prepared to take action in any emergency situation that may arise on campus. An Emergency Management Team (EMT) is in place to allow the immediate response by individuals performing specific roles and functions already predefined. An Emergency Operations Plan has been developed by the Emergency Management Team as part of the College's ongoing effort to protect Community College of Philadelphia students, faculty, and staff. The development of this plan is based on a realistic assessment of potential incidents that could affect our community and the capabilities to react to those situations. It is a comprehensive approach following the Incident Command and National Incident Management System and may effectively be applied to any critical incident.

The College's emergency notification system permits the near simultaneous distribution of broadcast e-mails, voice and text messages. The system is used to distribute emergency notifications without delay in situations where a clear and active threat or emergency exists that impacts the community and where it is recommended that the recipients take some form of action in response to the active threat or emergency. The emergency notification system is tested twice a year at the beginning of each semester. The tests may be announced or unannounced and will be documented. **All members of the College community are reminded to update their contact information on a regular basis.** Additionally, the College may send emergency messages via voice over internet phones which are located in all classrooms and office suites. Messages may also appear on monitors in public areas throughout College sites.

Emergency Notification System

Emergency notifications are known at the College as Campus Alerts. These Campus Alerts are issued to the campus community upon the confirmation of a significant emergency or dangerous situation that involved an immediate (imminent or impending) threat to the health or safety of students or employees. Upon such confirmation, the College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the

notification system, unless issuing a notification will, in the professional judgment of responsible College authorities, compromise efforts to assist a victim or to contain, response to otherwise mitigate the emergency. The decision to issue a Campus Alert is made by the Director of Safety and Security or his/her designee on a case-by-case basis. The content of the Campus Alert will be determined by the Director of Safety and Security or his /her designee, who will determine how much information is appropriate to disseminate at different points in time.

Campus Alerts are disseminated with the goal of notifying as many people as possible, as rapidly as possible. (*i.e.*, active threats, bomb threats, or a dangerous chemical spill, etc.) These alerts are sent via text messages and email to individuals who subscribe to the campus emergency notification system. All students, faculty, and staff are automatically enrolled into the College's emergency notification system. Individuals with disabilities are encouraged to contact either the Center on Disability at (215) 751-8307 or the IT Help Desk at (215) 751-6000 for assistance in subscribing to the Campus Alert system. Additionally, a broadcast message may be made utilizing voice over internet phones that are located in all classrooms and office suites. For situations that may require notice to the surrounding community, such as situations that may require the College to be closed, see the notifications procedures in the *Evacuation* section of this Annual Security Report.

Evacuations

Evacuations are rare events and occur most typically in the circumstance of a fire or bomb threat situation. While an evacuation order requires a timely exit from the area, it is still important, if possible, to secure personal property, lock offices and take any other measures that are possible in quick order to ensure the safety of personal and College property. If an evacuation of an area is ordered, it is essential that all employees, students, and staff participate in the evacuation. Critical minutes and essential security resources can be wasted if there is not complete cooperation with the evacuation process. All faculty and staff should view themselves as assisting agents in an emergency circumstance. All faculty and staff should be familiar with the required emergency procedures and coach students and visitors through the required steps necessary to ensure the safety of property and people during the emergency.

During an emergency, the College's security staff, floor wardens, building captains and the EMT are empowered to take immediate action to ensure the safety of all students, staff and visitors. It is essential that individuals follow the directions issued by security staff, floor wardens, building captains and the EMT staff and not countermand their orders or fail to follow the requested actions which they make. It is particularly important in an evacuation situation that students, faculty, and staff not attempt to reenter an area which has been evacuated until an all-clear signal has been provided. **Keep in mind that an evacuation may only involve one floor or one building and not the entire site.**

It is essential that fire and safety hazards not be created during a College closing or evacuation situation. In each work or instructional area, clear responsibilities must be established to turn off all heating devices in laboratories and offices, and shut down all devices involving gas or other potentially hazardous emissions. In the process of evacuating an office, files that are open on computer systems should be saved and office systems powered down if time permits. Many emergencies are accompanied by a temporary loss of power, which means that electronic files can be lost if not saved at the onset of an emergency.

Instructions to evacuate will be issued by Campus Security, police or College officials. Faculty, students and staff are to evacuate quickly, but in a calm and orderly fashion to a safe area-either an Area of Refuge (fire tower) or an assembly area away from the buildings. If necessary, First Responders will direct individuals to an on-campus evacuation/relocation site as determined by the nature of the emergency. Remain calm and, if able, assist disabled persons or those in need. If you observe something unusual or suspicious, handle it and notify first responders. Remain in a safe area until receiving notification to return to the facilities. For situations that require the College to be closed, Security Officers will not allow individuals to enter the facilities. Announcements of closing will be announced via the College's emergency notification system. Other methods of notification are as follows:

Campus website:

www.CCP.edu

Department of Safety and Security website:

<http://path.ccp.edu/vpfin-pl/Security.htm>

A message will be placed on the College's voice-mail system. To access the message from your home, employees should call (215) 751-8999. You will then be prompted to enter your voice-mail number and your voice-mail identification number.

An e-mail communication will be sent to each employee and student with a Community College of Philadelphia e-mail account.

A message will be placed on Cable Channel 53. This channel is only available to Philadelphia residents.

The College will provide closing information to radio and television stations. The KYW College weather closing numbers are 238 for day classes and 2238 for evening classes. The establishment of phone chains within work groups is encouraged to facilitate information sharing during an emergency situation.

The College, through its Division of Marketing and Government Relations, uses social media channels to communicate campus closings or any other emergency notification (Twitter: <https://twitter.com/CCPedu>; Facebook: <https://www.facebook.com/CCP.edu>)

It is important to remember that closings can affect one building or the entire campus. For example, a campus-wide closing may affect all sites and all buildings (i.e., city-wide emergency). A building closing may only affect that particular building (i.e., building fire). A regional site closing may affect one site but would have no effect on the other sites or Main Campus operations.

Persons with Disabilities Evacuation Procedure:

At the sound of the evacuation alarm (a constant ringing of the bells and strobe lights), a faculty or staff member should take the following steps:

Assign two (2) individuals (faculty, staff or students) to accompany anyone who needs help due to a disability to the nearest fire tower landing. Upon entering the tower:

- One assistant will remain with the disabled individual.
- One assistant will note the landing location (this information and these instructions have been placed at the landing) and proceed down the tower, exiting the building.
- If officials are on-site, report the location needing assistance to them.
- If officials are not on-site, report to a Security Officer or Reception Desk the location needing assistance.
- Individuals with impairment, but who are otherwise ambulatory, will wait at the landing and descend after the foot traffic clears.

If the emergency occurs on a day and time before the start of classes, notification of all members of the College community will occur according to normal weather closing policies and procedures. Also, notification of all department heads will be made. Additional Security personnel will be called in and assigned as needed to maintain order.

Alcohol and Illegal Drugs and Substance Abuse

The use, possession or sale of alcoholic beverages and/or illegal drugs by any student, staff member, faculty member, visitor or vendor is forbidden in any of the facilities of the College. These policies are further addressed in the Student and Employee Handbooks. Health risks associated with alcohol and other drug consumption include impaired judgment, vision, speech, coordination, memory, sensation, and perception. Long-term use of alcohol and other drugs can negatively impact many of the body's systems and cause physical and psychological dependence. In accordance with the Drug-Free Schools and Communities Act, Amendments of 1989 (PL101-226 20 U.S.C. sec. 1145g), College regulations, state laws pertaining to alcoholic beverages (including state laws pertaining to underage drinking), and state and federal laws prohibiting the possession, use, distribution and sale of illicit drugs shall be strictly and consistently enforced. Any violation of the College's Code of Student Conduct or violation of federal, state or local laws shall subject the offender to the College disciplinary process and/or criminal prosecution. It is the policy of the Community College of Philadelphia to maintain a drug-free workplace, in compliance with the Drug-Free Workplace Act of 1988.

Sex Offender Registration

The Federal Campus Sex Crimes Prevention Act requires colleges and universities to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. The act also requires registered sex offenders to provide to appropriate state officials notice of each institution of higher education in that state at which the offender is employed, carries on a vocation, or is a student.

Preparation of the Annual Disclosure of Crime Statistics

As required by federal law, Community College of Philadelphia's yearly crime statistics for this report are compiled on a calendar-year basis in accordance with the definitions of crimes provided by the FBI for use in the Uniform Crime Reporting (UCR) system. The report includes statistics for the previous three years concerning crimes that occurred on campus reported to the Office of Safety and Security, Campus Security Authorities and other campus officials, including but not limited to directors, deans, department heads, dean of students staff, advisors to students, and athletic coaches. In addition, these statistics also include persons referred for campus disciplinary action for categories required under the Clery Act, including liquor and drug law violations, and illegal weapons possession. Statistical information for certain off-campus locations or property owned or controlled by the College as well as public property within or immediately adjacent to and accessible from the campus are collected or requested from the Philadelphia Police Department. For statistical purposes, crime statistics

reported to any of these sources are recorded in the calendar year during which the crime was reported. All officers both in-house and contract are trained on the “Clery Act” and components set within the Federal policy.

The crime statistics tables located at the end of this report are reflective of the requirements mandated by Federal law. The categories and definitions of crimes required to be disclosed under the Clery Act were amended in 2013.

Student Right to Know

In accordance with the Federal Campus Safety and Security Act of 1990 and the Pennsylvania College and University Security Act of 1988, all incidents are tabulated and recorded in the College Safety and Security brochure. The document is available at the College’s Consumer Information website: <http://www.ccp.edu/consumer-information>. Copies are also available in the Office of Safety and Security. The statistics which appear under the heading “2015 Crime Reporting Statistics” show the number, and types of incidents reported for the most recent calendar years at each campus. Calendar years extend from January 1st through December 31st.

Community College of Philadelphia reports its statistics annually to the Pennsylvania State Police and U.S. Department of Education. The Office of Student Life and the Office of Safety and Security work closely regarding any situation involving students that might require emergency response or law enforcement intervention. Reports are shared between the offices regarding any student arrested or accused of a serious violation of the *Student Code of Conduct*, which could have an impact on the College Community.

Specific Information about Classifying Crime Statistics

The following statistics are published in accordance with the standards and guidelines used by the Federal Bureau of Investigation Uniform Crime Reporting Handbook and the federal law (Clery Act).

The **number of victims** involved in a particular incident is indicated for the following crime classifications: Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Rape, Fondling, Incest, Statutory Rape, Aggravated Assault. For example, if an aggravated assault occurs and

there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.

The **number of incidents** involving a particular offense is indicated for the following crime categories (includes one offense per distinct operation): Robbery, Burglary, Larceny, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of motor vehicle theft, each vehicle stolen is counted.

In cases involving Liquor Law, Drug Law, and Illegal Weapons violations, each person who was arrested is indicated in the arrest statistics. If an arrest includes offenses for multiple liquor or drug law violations, it is only counted as a Drug Law Violation as that is the more egregious offense. The statistics captured under the “Referred for Disciplinary Action“ section for Liquor Law, Drug Law, and Illegal Weapons violations indicate the number of students who are referred to the Dean of Students Office. Incidents involving employees are reported to the Office of Human Resources. If an individual is both arrested and referred for disciplinary action for an offense, the statistics include the arrest only.

Hate Crime statistics include any of the following offenses that are motivated by bias: murder and non-negligent manslaughter, sexual assault (rape, fondling, incest, or statutory rape), robbery, aggravated assault, motor vehicle theft, arson, larceny theft, simple assault, intimidation, and destruction/damage/vandalism of property. Hate crimes must be recorded by the category of bias that motivated the crime: race, gender, gender identity, religion, sexual orientation, ethnicity, national origin, or disability.

Sexual assault¹: An offense that meets the definition of rape, fondling, incest, or

The College's Response to Sexual Assault, Domestic Violence, Dating Violence, and Stalking

The College seeks to foster and maintain a community of mutual respect and concern for all of its members. There can be no greater violation of the terms of that community, or of the

² In the Commonwealth of Pennsylvania, stalking occurs when a person either: (1) engages in a course of conduct or repeatedly commits acts toward another person, including following the person without proper authority, under circumstances which demonstrate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person; or (2) engages in a course of conduct or repeatedly communicates to another person under circumstances which demonstrate or communicate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person. **For purposes of the annual crime statistics, however, the VAWA definitions above control.**

³ The "Dating Violence" is not defined in the Commonwealth of Pennsylvania.

⁴ The "Domestic Violence" is not defined in the Commonwealth of Pennsylvania.

essential dignity of any member of it, than an act of sexual assault, sexual harassment, or other sexual misconduct. The Student Code of Conduct prohibits all sexual misconduct including dating violence, domestic violence and stalking, as those terms are defined by applicable federal and state law and such conduct will not be tolerated in any form. Additionally, all members of the College community are protected by and subject to the College's Anti-Discrimination and Harassment Complaint Policy which prohibits all sexual misconduct including verbal or physical conduct of a sexual nature, dating violence, domestic violence, and stalking.

The College issues this statement to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus, and how these events are reported to a College official.

What is Consent?

Although consent to sexual activity is not defined in the Commonwealth of Pennsylvania, the College defines Consent as follows:

Consent of each party is required before engaging in any sexual activity. Consent is knowing, voluntary and clear permission by word or action, to engage in mutually agreed upon sexual activity. Since individuals may experience the same interaction in different ways, it is the responsibility of each party to make certain that the other has consented before engaging in the activity. For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct.

A person cannot consent if he or she is unable to understand what is happening or is disoriented, helpless, asleep or unconscious for any reason, including due to alcohol or other drugs. An individual who engages in sexual activity when the individual knows, or should know, that the other person is physically or mentally incapacitated has violated the law, the College's Student Code of Conduct, and the College's Anti-Discrimination and Harassment Policy.

It is not an excuse that the individual responding party of sexual misconduct was intoxicated and, therefore, did not realize the incapacity of the other. Incapacitation is defined as a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g. to understand the "who, what, when, where, why or how" of their

sexual interaction).

The law, the College's Student Code of Conduct and the College's Anti-Discrimination and Harassment Policy also protect a person whose incapacity results from mental disability, involuntary physical restraint and/or from the taking of incapacitating drugs.

Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse). A current or previous dating relationship is not sufficient to constitute consent. The existence of consent is based on the totality of the circumstances, including the context in which the alleged incident occurred and any similar previous patterns that may be evidenced. Silence or the absence of resistance alone is not consent. A person can withdraw consent at any time during sexual activity by expressing in words, or actions that he or she no longer wants the act to continue, and if that happens, the other person must stop immediately. In Pennsylvania, a minor (meaning a person under the age of 18 years) cannot consent to sexual activity. This means that sexual contact by an adult with a person younger than 18 years old is a crime, as well as a violation of College policy, even if the minor appears to have wanted to engage in the act.

Reporting Sexual Assault Procedures (For Victims)

Procedures Victims Should Follow for an Incident of Sexual Assault, Dating Violence, Domestic Violence, Stalking, or Other Sexual Misconduct.

Reporting Options

The College encourages victims to report such offenses both to the College's Department of Safety and Security and to the local police and will assist victims in doing so. If you do not wish to report an offense, you are not required to do so. For information on how and to whom to report, see "General Procedures for Reporting a Crime or Emergency" section of this Annual Security Report. All reports of sexual assault, domestic violence, dating violence, and stalking may be made to the College's Title IX Coordinator:

Availability of Protective Orders

Victims have the right to apply for orders of protection, no contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court or by the institution. These

may be obtained through the proper civil and criminal authorities.

Medical Attention and Preservation of Evidence

When an incident of sexual assault or other sexual misconduct is reported to a campus resource, the individual's physical well-being should be addressed as soon as possible, whether or not the individual wishes to make a formal report to the Office of Safety and Security or local law enforcement. A medical provider can diagnose and treat the full extent of any injury or physical effect. The medical exam is also important in order to properly collect and preserve evidence. There is a limited window of time (typically 72 to 96 hours) following an incident of sexual assault to preserve physical and other forms of evidence for proof of criminal offense and assistance in obtaining a protective order. In the event of a report immediately following an incident of sexual assault, an individual is encouraged not to shower, bathe, douche, brush teeth, drink or change clothing prior to seeking medical treatment. Similarly, any clothing or bedding should remain untouched pending collection by law enforcement. Whether or not an individual has chosen how to proceed at the time of the medical examination, taking the step to gather evidence will preserve the full range of options to seek resolution through the College's complaint processes or through the pursuit of criminal action.

Please note that under Pennsylvania law, a medical provider may be required to notify law enforcement of a reported sexual assault under most circumstances. Although the medical provider will provide information to law enforcement, the reporting person may decline to speak with a law enforcement officer or participate in a criminal prosecution.

Reporting Sexual Assault Procedures (The College)

Procedures the College will Follow for an Incident of Sexual Assault, Dating Violence, Domestic Violence, Stalking, or Other Sexual Misconduct

Information Provided

When a student or employee reports to the College that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the College will provide the student or employee a written

explanation of the student's or employee's rights and options.

The College will also provide written notification to victims about options for, and available assistance in, changing academic and/or working situations. The College will make such accommodations if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement. The College is obligated to comply with a student's reasonable request for an academic accommodation following an alleged sex offense.

The College has trained counselors to assist victims. Individuals may reach them at the Women's Outreach and Advocacy Center at 215-751-8828 during normal business hours. The Center will provide written information about counseling and other victim support services available both on and off campus, including health, mental health, victim advocacy and legal assistance. The College will also provide written information about existing visa/immigration or student financial aid to the extent reasonably available.

Confidentiality

The College does not include any personally identifiable information about victims or other necessary parties in publicly available recordkeeping, including this Annual Security Report and the College's Daily Crime Log. The College will also keep as confidential as possible any accommodations or protective measures provided to the victim. This information will be provided to College officials on a need-to-know basis.

Internal Disciplinary Procedures the College Will Follow for an Incident of Dating Violence, Domestic Violence, Sexual Assault, or Stalking

Upon receipt of notice of possible sexual assault, sexual harassment or other sexual violence, including domestic violence, dating violence or stalking, the College will take immediate and appropriate steps to investigate what occurred and take prompt and effective action to end the harassment or violence, if it occurred, and remedy its effects. All investigations will be kept as confidential as possible and information will be disclosed only on a "need-to-know" basis. However, requests to maintain confidentiality or anonymity cannot be guaranteed. Individuals

should be aware that if he/she/they request confidentiality or anonymity, or decline to cooperate, the College's ability to investigate and take action may be limited.

- In cases where the alleged perpetrator is a faculty member, non-faculty member employee, or third party, victims have the right to pursue the remedies and complaint procedures set forth in the College's Anti-Discrimination and Harassment Policy. See <http://path.ccp.edu/vpfin-pl/policies/357.HTM> . The College does not utilize mediation in cases of sexual assault/violence.
- In cases where the alleged perpetrator is a student and the victim is a faculty member, a non-faculty member employee, student, or a third party, victims have the right to pursue the remedies and complaint procedures set forth in either the College's Anti-Discrimination and Harassment Policy or the College's Student Code of Conduct. The College does not utilize mediation in cases of sexual assault/violence.

Under both the Anti-Discrimination and Harassment Policy and the Student Code of Conduct, the College will provide a prompt, fair, and impartial process from investigation to final result for all complaints of sexual assault, stalking and domestic and dating violence, which will be conducted by individuals who have received annual training in these areas including how to conduct investigations/adjudications that protect the safety of victims and promotes accountability. The College will endeavor to complete its investigation within sixty days; however, depending on the circumstances of any particular case, additional time may be needed.

Under both the Anti-Discrimination and Harassment Policy and the Student Code of Conduct the alleged victim and the alleged perpetrator will be treated equitably. The standard of proof for adjudication will be preponderance of the evidence. In cases of sexual assault, dating violence, domestic violence, or stalking, both parties may be accompanied by an advisor of their choice in institutional disciplinary proceedings. The accuser and accused shall

be notified simultaneously in writing of the outcome of any institutional disciplinary proceeding, the institutions procedures for appeal by either party, any changes to the results as a result of an appeal, and notification of when the findings become final. In addition, for any victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the College will, upon written request, disclose to the alleged victim the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense.

Pending the completion of its investigation and/or the conclusion of proceedings under the relevant College codes and procedures, the College may also take interim measures to end the harassment or violence, remedy its effects and prevent it from occurring again. These measures may include, without limitation, issuance of no-contact orders, rescheduling of classes or other alternative academic arrangements, and disciplinary measures against the alleged perpetrator.

Crime Rate Calculation

Crime rates are indicators of reported crime activity and are standardized by population. An offense rate, defined as the number of offenses per 100,000 population, is derived by first dividing the College's population by 100,000 and then dividing the number of offenses by the resulting figure.

For example: On the Main Campus in 2016 there were a total of 14,647 Faculty, staff and students and there were 21 Disorderly Conduct incidents.

- 14,647 divided by 100,000 = .14647
- Divide 21 (disorderly conducts) by .14647 = 143.37

The rate for disorderly conduct offenses in 2016 was 143.37 per 100,000 people.
