## **Nursing Admission Policies and Procedures**

Due to the competitive nature of the Nursing program, there are special admission requirements applicants must satisfy to be considered for the Nursing Program. Please refer to the current Community College of Philadelphia catalog for a complete listing of all policies and procedures associated with the program.

To obtain and submit an application for the Nursing program you must meet the following requirements:

1. You must have a high school diploma or General Education Equivalency Degree (G.E.D.)
2. You must request an official copy of your high school or G.E.D. transcript.
3. Be sure to request transcripts from any previous college work (except CCP). Electronic versions of transcripts should be sent. You must request transcript evaluation via myccp in order to transfer credit for previous college work.
4. You must have satisfied all prerequisite coursework and must also meet the minimum grade point average **prior to submitting** an application to the college for the Nursing program by the specified deadline date.

<u>Program</u>	<u>Grade Point Average</u>	<u>Deadline Date</u>

**Meeting the minimum requirements does not guarantee admission. The Nursing Admissions Committee will make the final selection. Applicants will be notified by mail/email regarding the admissions committee’s decision.**

I have read the preceding admission policies and I understand that there are minimum eligibility requirements that must be met to be considered for admission into the Nursing

program. I also understand that submission of this application does not guarantee admission into any Allied Health program.
