COMMUNITY COLLEGE OF PHILADELPHIA

2024-2025
Fact Book

Introduction

Welcome to the 2025 edition of the Community College of Philadelphia ("the College") Factbook, compiled by the College's Office of Institutional Research within the Division of Institutional Effectiveness. The College Factbook is designed to provide the most requested data about the College and its programs. The factbook is a reference to support internal decision-making as well as serving as a valuable reference tool for anyone needing information about the College. For additional or the most up-to-date data, please contact the Office of Institutional Research.

Dr. Eric Shannon, Director of Institutional Research, eshannon@ccp.edu

Community College of Philadelphia is the largest public institution of higher education in Philadelphia, the sixth largest in Pennsylvania, and has served more than 865,000 individuals since the College began offering classes in 1965. Consisting of three regional centers in addition to the Main Campus, the College is an open-admission institution that provides the academic resources and support services needed to help students achieve their academic goals. It is hoped that the information provided on the following pages will give insight into the efforts of the College as well as guide decision-making to provide further educational opportunities to our students.

The content that follows is divided into sections and includes statistics on admissions, enrollment, student demographic data, graduates, and developmental education, as well as the College's official data reported to the Integrated Postsecondary Education Data System (IPEDS). Where appropriate the source of information, time frame of the data, and cohorts of students involved are identified and noted.

Please note: The data presented here are accurate of [insert extract date]. Please keep in mind that College information changes frequently. Any questions about this publication or the data contained on the following pages should be directed to the director of Institutional Research, Dr. Eric Shannon (eshannon@ccp.edu).

Section 1: Applications

1.1: Applicants by Enrollment Status and term

This chart shows the number of applicants by term and whether a student subsequently enrolled at the College in the same semester as their application ("**Immediate Enrollment**") or whether they deferred their enrollment to a term following their application term ("**Deferred Enrollment**"). If a student applied for a given term and never attended, they are counted in "**Applied Only**" for that term.

Section 2: Enrollment

## 2.1: Total Enrollment by Fall Term

This chart shows the total, unduplicated credit enrollment at the College by fall terms. A student is counted only once per term but may be counted in subsequent terms.

Fall Term	# of students
Fall 2019	15,996
Fall 2020	13,672
Fall 2021	11,647
Fall 2022	11,636
Fall 2023	12,224
Fall 2024	12,939

2.2: Enrollment by Time Status and Term

The charts below show enrollment by time status and term. A student is considered "part-time" within a term if they are enrolled in fewer than 12 course credits. A student enrolled in 12 or more course credits is considered "full-time."

Time Status
- Part-time
- Full-time

Term	Part-time %	Full-time %	# of Students
Fall 2019	70.2%	29.8%	15,996
Fall 2020	68.7%	31.3%	13,672
Fall 2021	68.3%	31.7%	11,647
Fall 2022	67.3%	32.7%	11,636
Fall 2023	65.4%	34.6%	12,224
Fall 2024	66.1%	33.9%	12,939

# of Students - Line

2.3 Enrollment by Student Type and Term

The charts below show enrollment by student type and term. A student is considered "new" within a term if they have no prior academic history at the College.

2.11: Developmental Education Placement Rates

The table below shows the placement patterns of new, first-time-ever-in-college (FTEIC) students across three subjects: writing, reading, and math. FTEIC students include both full- and part-time students but exclude dual enrollment students. College ready students are those who were referred to no developmental education courses per College placement policies and procedures.

2.12: 12-Month Enrollment

This chart shows the unduplicated 12-month enrollment and full-time equivalent (FTE) as defined by IPEDs. For 12-month enrollments, the IPEDS report year follows the College fiscal year. For example: the 2024 report year is the 12-month period from July 1, 2023 to June 30, 2024.

Report year

	2019	2020	2021	2022	2023	2024

FTE count	12,740	12,331	10,608	8,935	9,161	8,101

2.13: Fall Enrollment

The table below shows the College's fall enrollment and student-faculty ratio as reported to IPEDS. For IPEDS, a report year is one year ahead of the year the data reflects. For example, report year 2024 displays Fall 2023 data. IPEDs fall enrollments are frozen at time of submission and will not capture any post-hoc changes to College records. The student to faculty ratio is the number of students per 1 faculty.

## 2.15: Catto Enrollment by Race/Ethnicity and Term

The charts below show the total number and percentages of Catto scholarship students by race/ethnicity and the term for which they were enrolled. These categories align with IPEDS specifications and are self-reported by the student at the time of application. A student is considered a Catto scholarship recipient if they received financial support from the Catto scholarship and were actively enrolled in courses during a specific term.

Section 3: Graduates

3.1: Graduation and Rention Rates

The table below displays various success metrics as reported to the Integrated Postsecondary Education Data System (IPEDS). Unless otherwise noted, metrics reported to IPEDS are based on cohorts of first-time, full-time students who began at the College in a fall semester.

For graduation and transfer rates, the cohort year is three years behind the reporting year. For example, the 20% graduation rate reported in 2023 is for the 2023 cohort.

For retention rates, the cohort year is a year behind the reporting year. For example, the 57% full-time retention rate reported in 2023 is for the 2022 cohort.

Transfer out rate refers to the percentage of students in a cohort who transferred **prior** to receiving a credential from the College.

3.2: Degrees by Program and Grad Year

The first four rows in the table below show the number of total awards and unduplicated graduates. A student can earn more than one credential within a graduate year (July 1 – June 30th). Therefore, the total awards count reflects the total number of credentials awarded in a graduate year.

The unduplicated graduate count, conversely, only counts a student once per graduate year per program.

Section 4: Human Resources

4.1: Human Resources

The table below displays the basic demographic information of College employees separated as the data is reported to the Integrated Postsecondary Education Data System (IPEDS). "Non-instructional staff" includes 12-month faculty such as librarians, counselors, advisors, and Learning Lab faculty.

FTE stands for "full-time equivalent" and converts part-time staff into measurements comparable to full-time staff. for example: a full-time employee equals 1 FTE whereas a half-time employee would equal 0.5 FTE.
